

910 - 152

***** SECTION VI-REACTIVITY DATA *****

STABILITY: Unstable X Stable

INCOMPATIBILITY (Materials to Avoid): Avoid contact with water, alcohols, amines, and other materials which react with isocyanates.

HAZARDOUS DECOMPOSITION PRODUCTS: By fire CO₂, CO, Oxides of Nitrogen, possibility of cyanides.

Hazardous Polymerization May occur X Will not occur

Conditions to Avoid:

***** SECTION VII-SPILL OR LEAK PROCEDURES *****

STEPS TO BE TAKEN IN CASE MATERIAL IS RELEASED OR SPILLED: Cover the spill with absorbent material, such as sand, sweeping compound or diatomaceous earth; collect material in open top drum and take to isolated area, out of doors preferred, fill drum with water; neutralize spill area with dilute solution of ammonium hydroxide.

WASTE DISPOSAL METHOD: Waste material can be incinerated or disposed of in accordance with Federal, State or Local regulations regarding environmental control after allowing time for reaction with water.

***** SECTION VIII-SPECIAL PROTECTION INFORMATION *****

RESPIRATORY PROTECTION: Use a respirator that is approved or recommended for use in isocyanate containing environments (air purifying or fresh air supplied)

VENTILATION: Where employees may be exposed, provide general dilution or local exhaust ventilation in volume and pattern to keep TLV of hazardous ingredients in Section II below recommended (ACGIH) or regulated (OSHA) limit. Where employees will not be exposed, keep LEL in Section II below 25% of limit.

PROTECTIVE GLOVES: Recommended X Required

EYE PROTECTION: Splash proof goggles.

OTHER PROTECTIVE EQUIPMENT: A safety shower, an eye bath, and washing facilities should be available.

*****SECTION IX-SPECIAL PRECAUTIONS*****

PRECAUTIONS TO BE TAKEN IN HANDLING AND STORING: Keep away from heat, sparks, and open flame. Store in tightly closed container and protect from moisture and foreign materials. At max. storage temperature noted, material may slowly polymerize without hazard. Ideal storage temperature range is 10°C. - 27°C. (50°F. - 81°F.)

OTHER PRECAUTIONS: Prevent prolonged skin contact with contaminated clothing.
